

## COMPANY PROFILE

## KHEBERAT GROUP

**KHEBERAT GROUP** is a group of companies, established upon proficient factors under one administration organizing integrated group of the expertise and its name in Arabic (خبرات) language which mean's (Experiences) as it is consisted of the following companies:

- 1) **KHEBERAT** Oil Services Co. Ltd
- 2) **KHEBERAT** International for engineering construction & project management
- 3) **KHEBERAT** for Electromechanic Co. Ltd
- 4) **KHEBERAT** for Recruitment Manpower CO. Ltd
- 5) **KHEBERAT** general transportation co.ltd
- 6) **KHEBERAT** Information Technology Co. Ltd  
(Internet works , communication computer system)
- 7) Development Section
- 8) **KHEBERAT** for Concrete & PRE - CAST Co. Ltd

This structure allows each division to operate and develop expertise based on the demands of its specific industry. It also provides stability for the company as market forces vary within different market sectors Kheberat Group has well defined vision to diversify into as many businesses, to satiate the needs of the customers.

Kheberat Group Founded by Ammar A AL-Abboodi in the year 2010 is Iraq's one of the largest private sector, With businesses in the Engineering & Constructions, Oil services transportation, manpower provision, Information Technology, Concrete & Precast and Technical Training. The Group has played a vital role in the growth and economic development of Iraq and has created a strong reputation in its areas of operations.

**KHEBERAT GROUP** Covering the following activities :

### 1) Oil Services

- Rig moving
- Man Power recruiting
- Pipeline
- Oil Equipments providing and Test
- Chemical Materials for oil Industry

### 2) Engineering Designs and Civil activities :

- Engineering desings
- Constructions & civil works
- Drilling, piling & boring (land & water )
- Geological & topographic surveying
- Provision of all kinds of civil work equipment

- > Maintenance Services
- > Project Management
- > Recruitment Services
- > Procurement
- > Human Capital & Logistical Services
- > Equipment Rental & Rig Move
- > Engineering & Construction

- 3) Electrical activities
- 4) Mechanical activities
- 5) Information technology activities
- 6) Training Services
- 7) Engineering & Project Management
- 8) Inspection

And we have developed our experiences to cover more activities following new requirements in Iraqi business market:

- 1- Safety and Environment services
- 2- Security services
- 3- Logistic services

The group is deemed of middle - size companies in Iraq but it is large by its competent cadars characterized with Engineering & Consultancy of long- term of expertise inside & outside Iraq Thus, the name of "Kheberat" in Arabic language means experiences; we choose this name as Our companies group to reflect abilities and capabilities we had gained after years of designing and implementing projects in Iraq. This group received its expertise since 20 years from working & achievements internationally in the field of civil, mechanical, electrical & communication works, preparing engineering designs & consultancies according to international standards. This group has wide-range of expertise in oil fields and with giant oil companies through the experience of engineers aboard with such these companies; e.g., Repsoil Oil Operations (Spanish Co.) Petrochemical industries state Co. (Basra), Akakus Oil Operations ( Libyan state Co.) & PetroChina.

**KHEBERAT GROUP** is a unique group in regards to its service along with years of past expertise, as the variation of fields gave divergence getting the wide-range declaration, thus, we had serious attribute in Gas & Oil Service sectors. We offer our service delicated to provide technical assistance for all giant service & production companies & in spite of very difficult conditions which is the mystery of our competence. These successes can be attributed to our obligation with higher international standards in regards to communications, QA/QC, Safety, logistics & legal issues. Thus, the group is working hard to get ISO certificate in the field of protection of environment to be the first Iraqi company get such a important document.

This group has partnership contract & common work agreements with some international companies & famous engineering offices (see **KOS's Partners**).

## KHEBERAT OBJECTIVES:

The Goals and objectives of **KHEBERAT Oil Services (KOS)** is to provide our clients with top quality service, We are dedicated to our jobs, making sure we provide the best materials and services to yield maximum result. Over the years our achievements have spoken for itself, we have made a lot of progress in both long term and short term projects.

Our Business philosophy is to ensure the growth of our clients and to ensure that whatever project we carry out is completed in time KOS background experience, skills, strengths and core competence is to ensure maximum result. We have carried out extensive, careful, systematic research to make sure that your business plan is on track with project development and growth potential for a business of your size.

**KOS** supply drilling equipments, Pipes, Pumps, Valves, Transportation, Construction and Measuring Equipment for Oil companies and multinational companies in IRAQ

**KOS** is well known for providing quality to customers in all range of our services, we are committed to ensure that we meet the clients need weather bi or small.

**KOS** also provide services such as training, education and manpower services for multinational companies and Oil service companies in IRAQ.

**KOS** is committed to implement safety in all our activities for health, environment and safety for our personnel and clients, we make sure we apply all the rules and guidelines in respect to international safety policy.

**KOS** provides a wide range of services from consultancy, to management, project proposal, info services, health care, safety and environmental services for the Oil sector.

**KOS** provide plants, heavy equipment, machineries, workshop engines, control systems and advanced industrial for the petroleum industries.

**KOS** takes full responsibility for the execution of projects nevertheless, our major goal is to satisfy our client in each and every project requirements.

**KOS** has provision of special lubricants and fluids for oil industries in the petroleum oil sector for machineries, pipes and other heavy equipment

## 1) KHEBERAT OIL SERVICES CO. LTD.

Feeling with our responsibility in contribution with developing fields & oil facilitations in Iraq in general & in Basra in particular specially during this era in which the country commenced developing its oil fields to increase oil Production Kheberat Oil Services Co. Ltd. has been incorporated by expertise technical cadres acquired their expertise nationally & internationally.

To contribute in providing the following:

1. Drilling & Workover Services
2. Rig move and Provision of chemicals & mud material
3. Providing logistic integrate support for giant oil companies (accommodation, residence, integrate protection service, facilitating entrance of international companies)
4. Integrate maintenance works inside petrochemical & oil fields
5. Procurement.
6. Import experts, engineers, & technical consultants(Iraqi nationals & international citizens) of all specialties by the required quantity through Kheberat Co. Ltd. for employment & crewing cadres which is a part of Kheberat group.
7. Maintenance oil & gas pipelines (welding, piping, painting pipes, installing cathodic protection system ..., etc.)
8. Maintaining & painting the Tankers
9. Maintaining Oil & Gas Fields
10. civil works related with oil fields
11. Providing Training related to programs for oil of manpower Iraq in coordination with training institutes & universities of in Europe

## 2) KHEBERAT International for engineering construction & project management

**KHEBERAT** has the ability to self-perform all aspects of a construction project, and the financial strength ensures each client of our ability to always perform – from of the entire organization groundbreaking to ribbon cutting, and Just as important, through the warranty period.

**KHEBERAT** international maintains experienced field crews and an office staff that have consistently provided safe, on time Reliable, and quality work all at competitive rates. Currently, our work includes a long list of client's in the industrial, commercial, Architectural and engineering consulting markets. Our commitment to innovation and excellence invariably results in a successfully completed project for both contractor and client. We understand and promote the idea of working as a partnership with our clients to ensure their goals are met. We undertake a variety of projects for a wide range of cliental – from small private developments to large Government projects. Our unique and flexible project management systems ensure that a positive outcome is achieved regardless of size or nature of the project.

The company has of expert holding higher qualifications technical expertise enabling them to prepare all designs for any engineering project ( production or service).

also the company has competent & an integrate work staff of exective engineers & skillful workers in performing special works .

1. Prepared engineering integrate designs ( Urban planning Architecture design , civil, design infrastructure design , Roads , Sewage & garden designs )
- 2 . Execution of all construction ( concrete & steel works)
- 3 . Integrate engineering consultancy
4. Execuion of W ater, sewage & irrigation systems .
- 5 . Pavement ( Asphalt & Concrete Pavement Roads , Yards , Airstrip and Marine deck .

The company has agreements with some international consultancy & engineering & Bureaus Companies to prepare any design may need the external expertise the company executed many important & large scale Projects in Basra governorate (see, [www.Khebrat.com](http://www.Khebrat.com) ) as it was achieved according to international standards with in standard time under complex conditions. These challenges were accepted and perfomed with high qualiflcations getting the appraisal & appreciation from clients .

## WELL PAD CONSTRUCTION & MAINTENANCE SERVICES :

**Kheberat** team has been working with companies in the oil & gas energy field since 2010 We understand the specialized demands and speed at which the E&P sector operates and are fully prepared to meet those demands with our state-of-the-art equipment and highly trained workforce We have extensive knowledge of the region and can provide a host of individualized well pad construction and maintenance services based on the specific requirements of your project, including: Land clearing, Excavating and Grading Right of Way Clearing , Road and Pond Construction and Maintenance , Pipeline and Utilities Installation, Pad Construction, Site Reclamation .

### 3) KHEBERAT CO . FOR ELECTRICAL & MECHANICAL WORKS

**KHEBERAT** is specialized in providing complete mechanical and electrical services and is regarded as one of the most dependable contractors for electromechanical services. The Company specializes in turnkey contracts, handling everything from systems concept to installation, testing and commissioning.

It is of pioneer company in the field of electrical, mechanical & computer technologies as the company possesses highly qualified cadres to execute it's works according to international standards so that its activity is striated by:

1. Maintenance works for thermal plant through maintaining valves & Heat-Exchangers.
2. Welding, steel, plastic, polyethylene piping works
3. Erection basins of irrigation & drainage projects
4. Installed & maintained water & hygiene systems
5. All electrical works including HT, LT cabling works & installing all panels
6. All mechanical works including maintenance, installing pumps & mechanical equipments
7. Installing, maintaining all phone interconnection systems, & Telecommunication Towering works.
8. Maintaining all heavy Equipments [cranes, forklifts, front end loaders & overhead cranes' installation works
9. Maintaining different types of electrical generators
10. Automation & Instrument Works.

Kheberat Electro Mechanic COMPANY executed many projects inside Iraq (see) [www.kheberat.com](http://www.kheberat.com) as it has achieved the works according to international standards so that safety & security standards are the real standard to execute any project.

### Kheberat For GRP / GRV / GRE PIPELINE SYSTEM:

Being a complete solution provider of all GRP / GRV / GRE etc fiberglass pipeline system, our specialty is that we can perform the Jointing Joints types: - Cementing / Lamination / Rubber Seal Lock Joint (RSLJ) / Rubber Seal Joint (RSJ) / Double Bell Coupling - GRP / Mechanical Couplers(VJ) etc] of all the Fiberglass piping in-house and at the site, Lamination of Jacket and Core pipes, Aligning the piping Installation etc of all the piping system based on the site routing, isometric drawings or as directed by the End user / Contractors / Consultants .

Our advantage is that we are specialized in fabricating all types of spools and mitered fittings at the site itself exactly suiting to any site conditions.

The Spools or Fittings fabrication includes the followings, which can either be fabricated by cutting the GRP (Glass Reinforced Polyester) / GRV (Glass Reinforced Vinylester) / GRE (Glass Reinforced Epoxy) etc. pipes of any diameter ranging from Ø 25 mm to Ø 4000 mm or more Or the spool or spool fabrication can be performed by using the moulded fittings for the certain piping as recommended by the piping manufacturer.

Elbows (all degree suiting to the site condition) Reducers (Concentric / Eccentric)  
 Wye Branches (all degree suiting to the site condition)  
 Tees (Equal / Unequal), Invert Tees, Nozzle / Saddles, Flanges, Butt-Wrap joints (Lamination)  
 Cemented Joints, GRP Double Bell Coupling joints, Mechanical Coupler joints.

- > Maintenance Services
- > Project Management
- > Recruitment Services
- > Procurement
- > Human Capital & Logistical Services
- > Equipment Rental & Rig Move
- > Engineering & Construction

Additionally, we have the Machineries / Equipment for performing / fabricating the followings at the site based on the site requirement.

- \* Fabrication of the GRP Flanges (as and when it is required for certain projects only)
- \* Facing the GRP Flanges , Drilling the GRP Flanges
- \* Calibration of GRP short pipes up to the diameter Ø 1800mm in which the outside diameter suiting to GRP Couplers, uPVC Couplers, Mechanical Couplers or Flange Adaptors etc .

Field service includes domestic and international for the following Applications and Services :

- \* Water Transmission (Storm Water / Irrigation), Drainage & Sewerage
- \* Oil and Gas fields Oil Platforms (Off-Shore / On-Shore works)
- \* Platform & Skid piping, Power Plants, Desalination
- \* Industrial,Petrochemical, fertilizer, Refineries, Plant piping
- \* Water & Sewer Treatment Plants

#### MODE OF JOINTING

The Fiberglass piping can be joined and installed by any of following international recommended mode suiting to the pipe manufacturer designs with respect to the corresponding applications / industry

- |                                   |                                   |
|-----------------------------------|-----------------------------------|
| * Cementing (Adhesive joints)     | * Field lamination (Butt & Wrap)  |
| * Double Bell Coupler (DBC)       | * Bell & Spigot with Rubber Rings |
| * Flanges with Gaskets or O-Rings | * Mechanical Couplers             |

## 5) KHEBERAT FOR RECRUITMENT MANPOWER SERVICES :

Our dedicated team can provide a tailor made service to meet the needs of your business encompassing a full range of human resource recruitment services including but not limited to the sourcing, recruitment and induction of staff payroll and human resource management KHEBERAT has a wealth of experience and knowledge in providing full time, temporary, permanent and seasonal staff locally and across the globe from USA, UK, Italy, Pakistan, India and other countries to sectors as

### 1. OIL FIELD INDUSTRY

Drilling, health & safety, operations management staff, technical and non-technical staff ( maintenance staff, catering staff etc

### 2. CONSTRUCTION SECTOR

Project manager, engineers, site supervisors, skilled & unskilled staff, technicians, carpenters, etc

### 3. LOGISTICS, IT, ELECTROMECHANICAL SECTOR

### 4. Completion works- permissions & residence visas inside Iraq.

### 5. Issuance visas for experts, engineers & international busin essmen within standard time.

### 6. Receiving official missions & manpower, providing accommodations , complete residence & full protection for the along to their staying in Iraq.

### 7. Providing security & protection for mission & foreign manpower.

We have partnership contracts with major service companies all round the world allowing US to provide experts from all around world to Iraq.

Also, we have highly national qualified Staff characterized with academic & practical expertise

## 6) KHEBERAT GENERAL TRANSPORTATION CO. LTD:

En-route the calculated and strategic growth, a need for in-house logistics and equipment and support became very eminent and prominent to projects, The group as a competent solution provider along with the aim of virtually nullifying the factor of out-source dependability which has the potential to literally paralyze the project flows That was the instance when our vision realized into Kheberat general transportation co. ltd, As independent profit center whose primary aim was to support the projects with logistical, light and heavy .

Hv eavy construction machineries. Kheberat has now whole range of generalized and specialized heavy machineries and equipment apart from general transportation vehicles We specialized in below areas of service within our group and to specific service oriented clientele General Transportation Kheberat general transportation co. ltd fleet for general transportation includes all types of trucks , trailer low beds , long trailers , tippers etc. to cater any transportation requirement , facility of low bed trailers for transportation of oversized and heavy cargo , bilk transportation of construction material such as sand , stone , gravel , cement , etc. , container transportation of all types etc , are at service to carry out the task with highest level of efficiency and satisfaction .

## 7) DEVELOPMENT SECTION:

This Division has been created to cover new needs in Iraq market, New offices have been Established under its supervisory and responsibility of this Division is as follows :

1. Safety and Environment
2. Training Center & E-Management
3. Security services
4. Human resource
5. Catering
6. Logistics Services

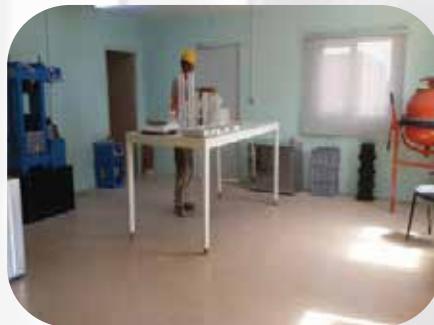

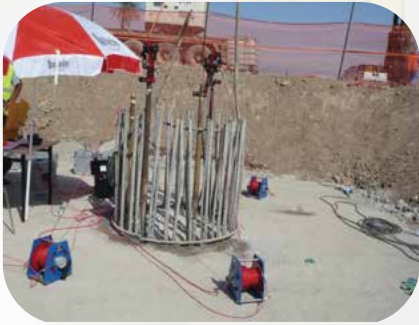

- > Maintenance Services
- > Project Management
- > Recruitment Services
- > Procurement
- > Human Capital & Logistical Services
- > Equipment Rental & Rig Move
- > Engineering & Construction

## 8) KHEBERAT FOR CONCRETE & PRE-CAST:

**Kheberat** has employed a group of professionals specialized in various concreting technology which include in-house professional engineers , civil & structural engineers, quantity surveyors Contract manager , admin manager , Procurement manager and finance manager to ensure quality works and timely completion of all projects .

- A . Owned batching plant & laboratory
- B . Provision of different types of concrete
- C . Testing of different structures of concrete

**أخبارنا**  
2013-02-22 البصرة - سعي على السنه

**المبادرة بإنشاء جسر معلق على شط العرب**

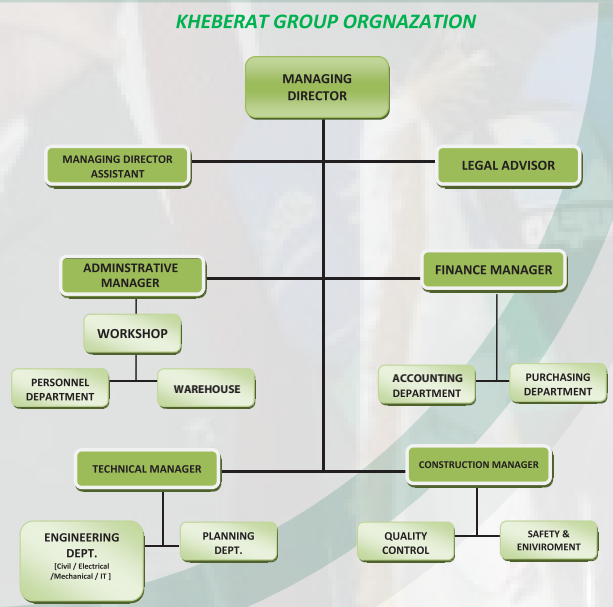

احتفلت البصرة بتوقيع عقد إنشاء جسر معلق على شط العرب، يعد الأول من نوعه، مع شركة « MAEG » ميغ، الإيطالية، وبمساندة شركة الخبرات العراقية وبمعد انجاز تبلغ (690) يوماً.

وقال محافظ البصرة الدكتور خلف عبدالصمد، في كلمته له خلال حفل توقيع العقد، ان «الجسر الذي يقع قرب مستشفى الصدر التخصصي بمنطقة الرضائية سيربط مركز مدينة البصرة بقضاء شط العرب شرقي المحافظة، ستفده شركة ميغ الإيطالية بقيمة (86) مليار دينار، ويبلغ طول الجسر (1280) متراً ويضم مبراً ملاحياً يبلغ (500) م، وارتفاع يصل الى (35) متراً عن مستوى المياه في شط العرب ويعرض (35) متراً ايضاً، وقد تمت تسميته بجسر الشهيد محمد باقر الصدر، ويعد انطلاقاً لمسلسلة المشاريع الجديدة الحيوية التي ستنفذها الحكومة المحلية في البصرة، وقد تم اختيار مكانه بشكل دقيق وهو مهم جداً بالنسبة لمحافظة البصرة بشكل عام ولقضاء شط العرب ومنطقة التوامة بشكل خاص، لأن القضاء المذكور شهد توسعات كبيرة في حجم المناطق الجديدة التي تم اقرارها كمناطق سكنية بسبب توسع عدد سكان القضاء، إضافة الى ان عدة مجتمعات سكنية كبيرة تتواصل عمليات تنفيذها على مساحات واسعة من قضاء شط العرب، وان نسب الاجاز كبيرة قد تحققت فيها وقد جاء هذا الجسر في وقت المناسب، وهناك أهمية كبيرة له ايضاً حيث انه سيسهل حركة التجارة بين البلدين الجارين جمهورية العراق والجمهورية الإسلامية الإيرانية عبر منفذ الشلاحة الحدودي الذي يشهد حركة دائرية ويمثل بؤية للتبادل التجاري بين البلدين من خلال الدخول من المنفذ المذكور واليه لأعداد كبيرة من الشاحنات ومحولات كبيرة سيمتدونها هذا الجسر عند انجازه، مع دخول اعداد كبيرة من سيارات نقل المسافرين التي تقلل الزوار الايرانيين الى المناطق المقدسة في النجف وكربلاء والكاظمية وسامراء، وفي الوقت ذاته يدخل من هذا المنفذ الحدودي زوار عراقيين لزيارة الاسكن المقدسة في جمهورية ايران الإسلامية، وسيكون هذا الجسر مبراً مهماً لكل هذه الأغراض التي اشراها اليها».

من جهتها، ذكرت ممثلة شركة «ميغ» الإيطالية ماريلينا كارلت، ان «شركتها اجزت العديد من الجسور المشابهة لهذا الجسر في دول البرازيل وروسيا ورومانيا وغيرها»، داعية الحكومة المحلية الى «مساندة شركتها في حال حدوث مشكلات خلال تنفيذ المشروع، وان شركتها ستلتزم جداً بقرات العقد المبرم مع ديوان محافظة البصرة لهذا الغرض، وستلتزم بامدة والمعمرة للمشروع كالمعتاد جاهزاً ربما قبل امدة المتوقعة وبات المواصلات العالمية التي تلقى بها مثل هذه الجسور العالمية»، مضيفة «ويستلم من الدكتور خلف عبد الصمد محافظ البصرة تعاوناً طيباً بل على الحرص الاكيد لخدمة هذه المدينة العريقة والها، ويعد ايضاً على حرص المحافظ على تنفيذ مشاريع كبيرة بمدينة البصرة لتكون مدينة متميزة في المنطقة، وان هذا الشعور والحماس يجتثا اكثر حرصاً على تنفيذ هذه المهمة التي كلفنا بها ليكون الجسر عند انجازه صرحاً حضارياً كبيراً يضاف الى الصروح التي اهتمت المحافظة بتنفيذها في امكان متفرقة من مساحتها الواسعة».

وحضر حفل توقيع العقد عدد من اعضاء الحكومة المحلية في البصرة وروساء عدد من الدوائر اضافة الى جمهور من ابناء المحافظة الزائرة الشامه.
